

So You're Interested in Secure Proctoring? Well Your Solution Starts Here!

I Host On-Line License and Certification Courses

Your Challenge

Persistent Proctor's Answer

<p>I have to be sure that exam results are legitimate - free from cheating and fraud.</p>	<p>Persistent Proctor combines biometric facial recognition with digital surveillance techniques to provide a secure proctoring experience.</p>
<p>I want to provide my courses to a wide-range of geographically located students.</p>	<p>Because we are web-based, we can proctor students anytime and anywhere.</p>
<p>I have to deliver on-line course content to offer certifications or licenses in various disciplines.</p>	<p>Persistent Proctor streamlines the on-line education experience offering three options including full integration with several major Learning Management Systems (LMSs) with more being added upon request.</p>
<p>For the most part, students have to pass an exam that is state-approved or state mandated.</p>	<p>Persistent Proctor was presented and accepted as a proctoring alternative in Nebraska and Florida. We'll help you get approved in your state. (Ask how we can help you generate revenue.)</p>
<p>I want to gain market share and provide a convenient and cost-effective solutions available.</p>	<p>We offer low cost pricing with free "do-overs" (excluding annual renewal testing). There's no need for students to travel to remote proctoring centers, take time off from work, or locate and pre-schedule tests or proctors. They can conveniently test anywhere and anytime.</p>
<p>I do not want to have to identify a list of human proctors or coordinate their services.</p>	<p>We are fully automated and require no human proctors. Results are available on an administrator dashboard after test results are uploaded, usually in minutes.</p>

I am a Learning Management System

Your Challenge

Persistent Proctor's Answer

<p>I want to gain market share and surpass my competition.</p>	<p>We can partner with LMS companies to offer a “value adding” integration of Persistent Proctor and create the opportunity for attractive bundled prices and “end-to-end” service.</p>
<p>From a loyalty perspective, I would prefer to make the customer experience as satisfying and easy as possible.</p>	<p>Persistent Proctor integrates with major Learning Management Systems (LMSs) with more being added upon request. We also offer an API to allow full integration with Persistent Proctor. In this way, customers have a streamlined and seamless LMS and proctoring experience.</p>
<p>I want to provide value to my cost-conscious customers.</p>	<p>The absence of human proctors allows us to price aggressively.</p>
<p>I am looking for ways to generate more revenues from existing customers without raising prices.</p>	<p>Working together we have the potential of replacing costly test centers with an anywhere/anytime proctoring solution, thus sharing the savings between us, your customers, and their students – everyone wins!</p>
<p>I want to provide more sales incentives for my sales team.</p>	<p>We love partnerships and are open to co-marketing activities and offering sales incentives.</p>

I am a College/University of Higher Education with Online Courses

Your Challenge

Persistent Proctor's Answer

With surging admissions in on-line education, I must deliver excellence in on-line courses to compete.	Persistent Proctor integrates with major Learning Management Systems (LMSs) with more being added upon request.
My proctoring solution must accommodate multiple tests and exams per course, per semester.	Persistent Proctor can be licensed per student, per course, per semester, to include as many tests as given at the same competitive cost.
I have to be sure that exam results are legitimate in order to satisfy funding requirements.	Persistent Proctor combines biometric facial recognition with digital surveillance techniques to provide a secure proctoring experience.
I want to offer potential students a greater level of convenience as a market differentiator from competitors.	Utilizing Persistent Proctor means that students don't need to travel to remote proctoring centers, take time off from work, or locate and pre-schedule tests or proctors. They can conveniently test anywhere and anytime.
I want to provide my courses to a wide-range of geographically located students.	Because we are web-based, we can proctor students anytime and anywhere.
I do not want to have to identify a list of human proctors or coordinate their services.	We are fully automated and require no human proctors. Results are available on an administrator dashboard after test results are uploaded, usually in minutes.

I Provide Mandatory Training to Employees

Your Challenge

Persistent Proctor's Answer

I need assurance of 100% participation in mandatory in-house training covering from compliance to discrimination.	Rather than having to deal with the challenges of interrupting their daily office work schedules, Persistent Proctor gives employees the freedom to test during non-work hours, even in the comfort of their own homes.
I need a full audit trail of proctoring results to which I can refer in the future.	Persistent Proctor has an administrator dashboard that stores and retains results in accordance with your data retention policies.
I need the ability to retest employees without incurring additional proctoring costs; an overall low-cost solution.	We offer both single test pricing, which allows for retaking the same test until it is passed at no additional charge, excluding annual renewals. We also offer pricing if multiple tests are required for the same staff member within a course.
To encourage participation, I need a solution that puts a premium on employee convenience.	With Persistent Proctor, there is no need to travel to remote proctoring centers, take time off from work, or locate and pre-schedule tests or proctors. They can conveniently test anywhere and anytime.
I want to provide my courses to a wide-range of geographically located staff who work virtually.	Because we are web-based, we can proctor employees anytime and anywhere globally where allowed.
I have to be sure that exam results are legitimate - free from cheating and fraud.	Persistent Proctor combines biometric facial recognition with digital surveillance techniques to provide a secure proctoring experience.
I do not want to have to identify a list of human proctors or coordinate their services.	We are fully automated and require no human proctors. Results are available on an administrator dashboard after test results are uploaded, usually in minutes.
